I think not. The point is, I think, that Mr. Iyengar

is doing research work of considerable merit in possibly the most important research institution in India. She is in a position to take advantage, at once, of what Cambridge (for example) can offer.

(16) Miss Hensman has potentialities, I agree; but she is young - a good deal younger than Mr. Iyengar - and would well wait another year. She has had, as yet, little opportunity to prove her worth.

If Read: approves, the *draft may issue. We should not hold it up for usual Medical certificate and name and occupation of parent or guardian, as delay may prejudice his chances. But we should get these particulars without much delay and (if necessary) tell G.H. That thing will follow at once.

Birth or domicile qualif.ns must be definitely fulfilled – See Rule 1 at T.

And in the case of this candidate, who was born in the Sudan Prov. and apparently educated there, we must satisfy S/S that he is domiciled in the C.S. Does the fact that he has been a research student at the I.I.S. has been a research student at the I.I.S. since 1924 entitle him to claim Domicile in the C.S. ?

Clone 19/2

L.C. 18/2/24

Reference para. 14 ante.

'Domicile' in this case has to be decided with reference to the ordinary principles used in determining it. These principles are detailed in Chapter II of Dicey's ' Conflict of Laws'. According to rule 3 of this Chapter no person can, subject to a certain exception referred to therein, have at the same time more than one domicile. A person retains the domicile of origin (i.e. domicile acquired at birth) until a domicile of choice is in fact acquired. Every independent person can acquire a domicile of choice by the combination of residence (factum) and intention of permanent or indefinite residence (animus manendi)

There is no athoritative definition of the intention necessary to the acquisition of a domicile of choice, but it appears that the intention must have the following elements:-

(a) The intention must amount to a deliberate purpose or choice i.e., it must not be dictated by any external necessity as in the case of a political refugee.

(b) The intention must be to reside permanently.

(c) The intention must be an intention of abandoning the former domicile.

Mr. Varadaraja Iyengar says in his application 'I have been domiciled in this place since April 1924 till to date' This does not indicate his intention to reside permanently. If he were to make a declaration that he intends to reside in the C.& M. Station permanently his domicile will be established beyond doubt.

It is for consideration whether the telephone message

Draft III message may issue.

Now please see the letter from the applicant dated the 18th Feby. 1934. The father's name and occupation will be entered in the statement and the medical certificate will be ~~sent~~ dealt to the Govt. of India.

NOTIFICATION.

The following amendments are made to the rules relating to the award of a Central State Scholarship for study outside India, published with the Government of India, Department of Education, Health and Lands, notification No. 382, dated the 18th February, 1926, as amended from time to time :-

I. Substitute the word "Aden" for the words "the North-West Frontier Province" and delete the word "Manpur" occurring in lines 3 and 4 respectively of rule 1 of Section A-General Rules.

II. Substitute the following for lines 3-5 of rule 7 of Section A - General Rules :-

"First group - Baluchistan, Bangalore, Aden and any other administered area in an Indian State.

Second group- Delhi (including Delhi University) and Ajmer-Merwara."

The revised grouping will come into force in the year 1934 i.e. the candidate for the scholarship to be awarded in 1934 will be selected from the areas comprised in the first group mentioned above.

III. Substitute the following for rule 18 of Section C-Rules for the guidance of schclars (ii) in England :-

" A scholar will be entitled to a second class B return passage from the place of study to India and a second class single railway fare from the port of debarkation to the scholar's home or the nearest railway station. The arrangements for the voyage will be made by the Office of the High

Commissioner and a scholar is not entitled to make his own passage arrangements or to claim an allowance in lieu of a provided passage. At least three months before the termination of his course of study or training the scholar must submit to the High Commissioner (Education Department), either direct or through the Local Adviser, an application for a return passage. The scholar will normally be required to embark from a port in the United Kingdom, but he may be allowed at the discretion of the High Commissioner to join the steamer at Marseilles and will then be paid the overland allowance as fixed from time to time by the High Commissioner. If a scholar is definitely instructed by the High Commissioner to join the steamer at Marseilles, he will be allowed second class travelling expenses from London to Marseilles and his scholarship allowance will be payable to the date of embarkation from Marseilles (unless it has already expired or been terminated). Travelling expenses in India will not be payable by the High Commissioner. An application for such expenses should be made to the Government of India, Department of Education, Health and Lands, through the local Administration concerned."

Sir,

The accompanying application with its enclosures is forwarded for your favourable consideration.

Mr.Varadaraja Iyengar's qualifications are set out in detail in his application and it is not, therefore, necessary for me to recount them ~~in detail~~. It is his desire to proceed to England to pursue further studies in Biochemistry. His knowledge and experience in that subject are such that he is undoubtedly in a position to profit by a period of advanced study in England.

Mr.Varadaraja Iyengar's personal character and qualifications are all that could be desired. In the circumstances, I very warmly recommend and support his application.

Through

Sir C.V. Raman, Kt., F.R.S., N.L.,

Director, Indian Institute of Science, Bangalore.

Sir,

I have the honour to submit herewith my application for the Central State Scholarship tenable in England as per Notification in the Daily Post of the 7th inst., for favourable consideration.

I am a British Indian subject having been born in the Tinnevelley Dist. in South India, on the 22nd September 1902. After matriculating in the year 1918 from the St. Francis Xavier's High School, Tuticorin, I graduated from the St. Joseph's College, Trichinopoly, in April 1922. My special subject during the graduate course was Chemistry with Physics as the subsidiary. I secured a Second Class in the University Examination. I was a Demonstrator in Chemistry in the Wesley College, Madras, between June 1923 and May 1924.

In April 1924, I worked in the Organic Chemistry Department of the Indian Institute of Science under Dr.J.J.Sudborough, D.Sc., F.I.C., for three months. Since July 1924 I have been specialising in Biochemistry. After an extensive preliminary training under the guidance of Dr. Roland V. Norris, D.Sc., F.I.C., I have been investigating the probelm of Spike Disease in Sandal. The results of my findings have been published in the Journal of this Institute and in the several reports issued by the Working Committee of the Spike disease Investigation, copies of which, I am attaching herewith, for your kind perusal.

I have been domiciled in this place since April 1924 till to date.

In addition to the training obtained here, I wish to gain more experience through working under the guidance of some eminent Professor

in

in England in Biochemistry with special reference to Soils and Plants. I have not yet decided the University in which I should prosecute my studies but I shall do so in the immediate future.

I am prepared to be interviewed at the time and place selected by you for any more particulars required in support of my candidature.

I have not so far been suffering from any serious illness but in view of the limited time, I shall submit a certificate of medical fitness in the course of the next week.

In October 1927, I was appointed as Junior Biochemist by the Council of the Indian Institute of Science in the Spike disease Investigation Scheme with a start of Rs.200/- per month in the scale Rs.200-10-240. In October 1930, my period of service was extended for three more years with an in the scale of of Rs.250-25-300, in which I am now drawing Rs.300/- per month. In March 1929, I was awarded the Associateship of the Indian Institute of Science by the Council of this Institute. In October of the same year, I was elected Associate of the Institute of Chemistry of Great Britain and Ireland (A.I.C). I was also awarded the Master of Science Degree of the Madras University in July 1930 for a thesis embodying the results of my researches.

I am ready to execute the necessary bonds that may be required.

I have great pleasure in suggesting the names of Sir C.V. Raman, Kt., F.R.S., N.L., Director of the Indian Institute of Science, Sir Martin O.Forster, Kt., F.R.S., Old Bannimantap, Mysore, Professor V.Subrahmanyam, D.Sc., F.I.C., Professor of Biochemistry, Indian Institute of Science, Dr.Ronald V.Norris, D.Sc., F.I.C., Director, Tea Research Institute, Ceylon, for reference about my character and abilities.

Should I be selected for the above scholarship it shall be my constant endeavour to be of service to my country.

Thanking you in antiticipation.

I have, etc.,

Sd/- A. V. Varadaraja Iyengar.

Subject:- CENTRAL STATE SCHOLARSHIPS.

Sir,

With reference to your letter No.1236/164-1931, dated 12.2.1934, I have the honour to submit the following remarks and recommendations regarding ~~regarding~~ the applications for Central State Scholarships:-

2. Messrs. Shankarappa, Pharoah and Syed Abdul Lateef are ineligible as they do not fulfil the conditions of Rule 1 Section A of the General Rules for the award of these scholarships. These candidates were borne and are domiciled in Mysore State, Madras Presidency, and Bijapur respectively. Of the remaining applicants, Mr. Mirza Abbas Raza has not yet passed his Intermediate examination, and Messrs. Gilby, Royal Singh and Devaiya gained only a III class in their degree examinations. These candidates are not in my opinion of a quality to merit further consideration in this connection.

3. Of the remaining two candidates, Miss Hensman is the only woman applicant on the list. She has not passed her Intermediate Examination, but comes from a family with a good educational record. Her mother has a Cambridge diploma of Education and is now the Principal of the Maharani's College, Mysore. Miss Hensman's brothers are studying in England, and Miss Hensman herself spent four years in England from 1928-1932

during which time she passed her Cambridge School Certificate Examination. She is now studying in the Sacred Heart Intermediate College, Bangalore, but wishes to continue her studies in Edinburgh with a view to taking the B.Sc.(Economics) degree of that University. Miss Hensman is a good type of student, intelligent and cultured, and would I think, do well in England, if given the opportunity.

4. The remaining applicant, Mr.Varadaraja Iyengar, is in a different class from the other candidates. -- Mr. Varadaraja Iyengar has proceeded in his studies as far as educational facilities in India will allow. He has passed the B.Sc.(IInd class) and M.Sc. degrees of the Madras Universities and, on the theses he has written, has been awarded the diplomas of Indian Institute of Science (A.I.I.Sc.) and of the Institute of Chemists (A.I.C.) in Great Britain He entered the Indian Institute of Science in 1924 as a fully qualified research student in the Biochemistry Department . In 1925 he began work on the problem of Spike Disease in Sandalwood and in 1927 he was appointed as Junior Biochemist in the Sandal Spike Disease Research Scheme which was financed by the Governments of Madras and of Coorg. Mr.Varadaraja Iyengar has continued his researches since that date and has, I gather, made some very valuable original contributions towards the elucidation of this very important problem. Mr. Varadaraja Iyengar wishes to proceed to Cambridge Universit for further research work in the Biochemistry Department and intends to concentrate, as he has done in the past, on the study of Plant Diseases.

Mr. Varadaraja Iyengar, then, is a well qualified and experienced research worker, who is well equipped to take full advantage of the opportunities which further study at Cambridge would afford. I strongly recommend him for this scholarship unless, for any reason, preference is to be given to a lady in which case I recommend

(Page 5)

Miss Hensman for consideration. Mr. Varadaraja Iyengar has been at the Indian Institute of Science since 1924 and he can therefore be considered, I think, to be domiciled in Bangalore.

I have the honour to be,

Sir,

Your most obedient servant,

Inspector of Schools,

I incline to Miss Hensman as I know she comes of a very good Mysore family

Message.

Reference your letter 8W5/5179 February 10th. application from Mr. A.V.Varadaraja Iyengar for Central State Scholarship. It is essential that domicile qualification of candidate should be definitely fulfilled. He was born and educated in Madras Presidency; and mere fact of residence in Bangalore since 1924 is not in itself sufficient to establish domicile here unless there is also a definite intention to renounce domicile of birth and to reside permanently in Bangalore Civil & Military Station in future. Would you kindly explain this to Mr. Iyengar and ascertain whether this is his intention If so he should furnish written declaration to that effect today, supported if possible by your own certificate that you believe his declaration to be made in good faith.

Case is now very urgent, as recommendations (if any) have to be submitted to the Government of India at once.

CENTRAL STATE SCHOLARSHIP FOR STUDY ABROAD.

Sir,

S.N. 4

I have the honour to refer to my telegram No.1014, dated the 3rd February 1934, and to submit a statement, in duplicate, giving particulars of the candidate Mr. A. V. Varadaraja Iyengar, B.A., M.Sc., A.I.C., A.I.I.Sc., whom I recommend for this scholarship, together with his application and its enclosures. A certificate of medical fitness is also enclosed. The candidate is recommended by the Inspector of Schools, Coorg and Bangalore, and I strongly support his recommendation. Mr. Varadaraja Iyengar is a well-qualified and experienced research worker, who is well equipped to take full advantage of the opportunities which further study in England would afford. He has established his domicile in the Civil and Military Station of Bangalore not only by residence since 1924, but also by a written declaration of his intention to renounce his domicile of birth and to reside permanently in Bangalore within the Civil and Military Station jurisdiction. A copy of his declaration and a copy of letter from the Director of the Indian Institute of Science, Bangalore, No.8W5/5233, dated the 20th February 1934, certifying that the declaration is made in good faith, are enclosed.

I have the honour to be,
Sir,
Your most obedient servant,

Lieut.-Colonel,

Mr. A. V. Varadaraja Iyengar	Tinnevelley District, Madras Presidency.	Mr.A.V. Vanumamalachary, Clerk, Messrs. B.I.S.N. Co. Ltd., Tuticorin.	Mr. Varadaraja Iyengar has proceeded in his studies as far as educational facilities in India will allow. He has passed the B.Sc. (IInd class) and M.Sc. degrees of the Madras Universities, and, on the theses he has written, has been awarded the diplomas of Indian Institute of Science (A.I.I.Sc.) and of the Institute of Chemists (A.I.C). He entered the Indian Institute of Science in 1924 as a fully qualified research student in the Biochemistry Department. In 1925 he began work on the problem of Spike Disease in Sandalwood and in 1927 he was appointed as Junior Biochemist in the Sandal Spike Disease Research Scheme which was financed by the Governments of Madras and of Coorg. Mr. Varadaraja Iyengar has continued his researches since that date and has, I gather, made some very valuable original contributions towards the elucidation of this very important problem. The Director, Indian Institute of Science, says that the candidate's personal character and qualifications are all that could be desired.	He wishes to proceed to Cambridge University for further research work in the Biochemistry Department and intends to concentrate, as he has done in the past, on the study of Plant Diseases.

GOVERNMENT OF INDIA.

DEPARTMENT OF EDUCATION, HEALTH AND LANDS.

CENTRAL STATE SCHOLARSHIP.

A.—GENERAL RULES.

1. A State scholarship for study abroad will be awarded every year to a student who is by birth or domicile a native of territory under the administrative control of the Government of India, including Aden, Delhi, Ajmer-Merwara, Baluchistan, Bangalore, or any administered area in an Indian State; provided that students, who are domiciled in British India in territories not under the administrative control of the Government of India, will be eligible for the scholarship if they declare that they have not applied and do not propose to apply for a scholarship for study abroad which is awarded by a local Government and if their parents or guardians, being servants of the Government of India, have educated them within territories administered under the control of the Government of India.

2. The scholarship will ordinarily be tenable for 3 years in Great Britain and will be of the following value† :—

Men and women scholars—

	£.
At Oxford or Cambridge (collegiate)	335 per annum.
At Oxford or Cambridge (non-collegiate)	300 per annum.
At universities or colleges other than Oxford or Cambridge	216 per annum exclusive of fees and sanctioned travelling expenses which will be payable in addition.

Subject to an age limit of 25 years

3. The scholarship will be open to qualified candidates‡ without restriction of sex, race or creed. It will not be awarded for the study of industrial or technical subjects.

4. The scholarship may be withdrawn before the termination of the period for which it was awarded if the scholar fails in health or conduct or has satisfactorily completed the course for which it was awarded or for any other sufficient cause.

I. In rule 5 under the head "A-General Rules" add the word "official" between the words "the" and "rate" in line 3 and delete the words "fixed from time to time by the Secretary of State for India in Council in communication with the Lords Commissioners of the Treasury" in lines 3 to 5.

B.—PROCEDURE FOR NOMINATING CANDIDATES.

1. Local Administrations are invited to submit to the Government of India their recommendations for the annual scholarship on or before January the 15th. Recommendations should be accompanied by the original application of each candidate recommended and full particulars of the antecedents and qualifications of each candidate, especially his place and date of birth, the name and occupation of his father, his academic and other qualifications in detail, together with a statement of the course of study which he desires to follow with the help of the scholarship.

2. Candidates must produce, at the time of application, medical evidence of physical fitness to undergo a course of study abroad.

C.—RULES FOR THE GUIDANCE OF SCHOLARS.

(i) *In India.*

1. Selected scholars should communicate with the nearest Advisory Committee for Indian Students or University Students' Information Bureau in order that they may obtain advice regarding certificates, etc., and they should, when proceeding abroad, take with them the originals of their certificates, testimonials, and other important personal documents.

2. Scholars are required to proceed to England so as to arrive there not later than the middle of September and [illegible] there or in any other country in which the scholar-

4. Arrangements should be made to let the High Commissioner for India receive i good time any special suggestions that may be made by college professors and othe educational authorities regarding the course of training which a particular schola might follow with advantage. This will obviate the difficulties which may arise fro scholars forming plans with insufficient knowledge of the requirements demanded c facilities offered by institutions abroad.

(ii) *In England.**

1. Every scholar will be required to forward to the High Commissioner for India (Education Department), India House, Aldwych, London, W.C.-2, ordinarily at least one month before the date of departure from India, the sum of £40 for initial expenses on arrival in the United Kingdom. A scholar will have no claim to the payment of any instalment of his scholarship unless this deposit has been made. The deposit is held at the disposal of the scholar and may be reclaimed as soon as he reaches England to meet expenses of the purchase of clothes or other necessary equipment but a scholar is advised to leave at least £10 on deposit to be available for emergencies or other expenses not covered by the conditions of the scholarship.

All communications regarding courses of studies or training, payment of fees or other matter connected with the scholarship must be addressed, either to the High Commissioner for India (Education Department) or in the case of scholars at Edinburgh, Cambridge, Glasgow, Manchester, or Oxford to the Local Adviser concerned. Scholars are not permitted to communicate direct with their Provincial Government in India in any matter affecting their scholarship.

5. Every scholar will be expected to consult the High Commissioner (Education Department) or his Local Adviser regularly in regard to his course of study or training. He must submit, either direct or through his Local Adviser, within one month after the beginning of his University, College or other training, a statement for the approval of the High Commissioner showing the exact course which he is pursuing. The High Commissioner will prescribe the course of study or training considered necessary to fulfil the purpose for which the scholarship has been awarded, and every scholar must obey all instructions regarding his course of study or training which he may receive either direct from the High Commissioner (Education Department) or from his Local Adviser. The course of study which has received the sanction of the High Commissioner may not be changed without his approval, and no additional course or subject of study or training may be undertaken without his prior sanction. A scholar will not be permitted, without the previous sanction of the High Commissioner, to enter for any examination not forming a normal portion of his sanctioned course. He will be required to give a written undertaking that he will at once and without discussion of possible alternative devote himself exclusively to the course of study and training prescribed for him and that he will not delay or neglect his prescribed course in anticipation of orders regarding possible alternatives.

6. A scholar attending university or college courses who proposes to spend his vacations on the Continent must submit his plans for the approval of the High Commissioner not less than one month before the beginning of the vacation.

III. Insert the words "in person" between the words "arrival" and "at the Office" in the first sentence of rule 7 of Section C—Rules for the guidance of scholars—(*ii*) in England.

Scholarship allowance will not be paid beyond the date of the sailing from London of the steamer on which the passage has been booked, except as provided in Rule 18.

8. Subject to a due compliance with the Rules, each scholar will be paid his annual stipend quarterly in advance. A first instalment to cover a full quarter will be paid as soon as possible after the scholar has arrived and has signed the necessary declaration on the form attached to these Rules. Three months after the date of arrival the amount to the ensuing official Quarter Day* will be paid to the scholar either direct or through

*The official Quarter Days are 1st January, 1st April, 1st July and 1st October.

the Local Adviser. Subsequent payments will be made in advance, on or after each official Quarter Day. It should, however, be understood that the High Commissioner (or the Local Adviser on his instructions) has full discretion to disburse the annual allowance of any scholar in such instalment as he may consider desirable.

9. Each scholar must submit, not less than 14 days before the date on which his scholarship instalment falls due, an application on a prescribed form, endorsed with a certificate of satisfactory conduct and progress from the University, College or Works authority.

He will also be required to furnish annually on a prescribed form, copies of which will be supplied, a full statement of the course of study or training which he has pursued during each year ending 30th September. The instalment of scholarship allowance due on 1st October of each year will not as a general rule be issued until this annual report has been received. It should, however, be noted that the High Commissioner at his discretion may require a report on a scholar's work or conduct at any time.

10. Advances on the quarterly instalments of scholarship allowance will not as a general rule be granted, except in respect of (*a*) caution money payable to University or Colleges, and (*b*) purchase of expensive instruments essential for the scholar's sanctioned course of study or training. Any advances thus sanctioned will be recoverable from the quarterly instalments of scholarship spread over a total period not exceeding one year.

11. The special attention of every scholar is drawn to the fact that no claim for payment of any expenditure whatsoever can be admitted unless the scholar has obtained previous sanction from the High Commissioner.

12. Scholars at Oxford and Cambridge will be required to meet from their scholarship allowance all their expenses, including university or college fees, except journeys to and from their place of study on arrival from India and on departure to India. A Language scholar at Oxford or Cambridge (*i.e.*, a scholar pursuing research in Arabic, Persian, or Sanskrit) may, however, be granted travelling expenses from place of study, when going abroad, where such visits are certified as *essential* to his studies by the professor concerned and are sanctioned by the High Commissioner.

13. For scholars (other than those at Oxford or Cambridge), charges for university and college fees, including membership of the Student Union or equivalent society, premium for practical training facilities and the necessary travelling expenses of scholars by second class, or by third class if no second be available, shall, if sanctioned in advance, be defrayed by the High Commissioner.

14. A scholar who proposes to undertake journeys or tours for the purpose of his course of study or training must submit an application either direct or through his Local Adviser at least 14 days before the date of the proposed visit. The application must be supported by a certificate or recommendation from the professor or head of department under whom the scholar is working that the journey is necessary for the purpose of his work. [*If the proposed visit or tour and estimate of expenses is approved by the High Commissioner, third-class travelling expenses (second-class on the Continent) will be paid to the scholar on receipt of the claim on the appropriate form, supported by the necessary vouchers, together with halting allowance at the rate authorised, unless otherwise laid down when the journey is sanctioned.]

15. Charges for private tuition, unless specially sanctioned in advance, books, instruments, and medical attendance must be paid by the scholar himself.

16. Unless the conditions under which the scholarship was awarded preclude any extension, a scholar who wishes to apply for the extension of his scholarship must submit an application to the High Commissioner (Education Department), either direct or through the Local Adviser, not less than six months prior to the expiration of the term of tenure. This application should state definitely the purpose for which the extension is desired and should supported by the recommendations of the university or other authority under whom the scholar is pursuing his course of study or training.

17. A scholarship may be terminated at any time within the discretion of the High Commissioner—

(*a*) if the scholar's work and progress be considered unsatisfactory,

(*b*) if his conduct prove unsatisfactory, or

(*c*) if he fail in health,

to embark from a port in the United Kingdom, but he may be allowed, at the discretion of the High Commissioner, to join the steamer at Marseilles and will then be paid the overland allowance as fixed from time to time by the High Commissioner. If a scholar is definitely instructed by the High Commissioner to join the steamer at Marseilles, he will be allowed second class travelling expenses from London to Marseilles and his scholarship allowance will be payable to the date of embarkation from Marseilles (unless it has already expired or been terminated). Travelling expenses in India will not be payable by the High Commissioner. An application for such expenses should be made to the Government of India, Department of Education, Health and Lands, through the local Administration concerned.

19. A scholar who desires to defer his return to India after the expiry or termination of his scholarship will unless the Government concerned desire his return, be allowed to do so provided that the High Commissioner approves the purpose of the deferment and is satisfied that the scholar is in a position to maintain himself during the whole period of the proposed deferment.

20. Each scholar will be given a grant of £5 to meet incidental expenses during the voyage to India. This allowance will not be payable to officers in Government employ who are temporailry holding a scholarship, but whose official pay commences on the termination of the scholarship, nor will it be applicable to the case of a scholar returning to India on appointment to a Government post which entitles him to an advance of pay.

21. A scholar who intends to marry during the tenure of his scholarship must so inform the High Commissioner, who, in consultation with the Local Government concerned, may terminate or suspend the scholarship if he thinks fit in the special circumstances of the case.

NOTE.—In all the above Rules the masculine (he, him) must be understood to include the feminine (she, her).

appropriate grade of passage for Central State scholars will in future be determined and arranged by the Principal Sea Transport Officer, East Indies: Bombay. Applications for passages should be made to him by the Administrative Head of the area from which the scholar is selected. The Principal Sea Transport Officer will, after arrangements for a passage have been made, send an intimation to that effect to the Administrative Head of the area concerned and ask the Steamship Company to forward the passage ticket and the bill to that authority. The Administrative Head will make over the ticket, on receipt, to the scholar concerned and forward the bill to the Accountant General, Central Revenues, for making payment to the Company.

3. In no case can a scholar make arrangements for his passage himself. In this connection I am to forward, for information a copy of the correspondence, the details of which are given on the margin. It will be observed therefr that where accommodation is not available by the P.& O. steamers the passages should preferably be booked by the steamers of the B.I.S.N. or the Orient Steam Navigation Companies.

NOTIFICATION.

The following amendments are made to the rules relating to the award of a Central State Scholarship for study outside India, published with the Government of India, Department of Education, Health and Lands notification No. 382, dated the 18th February, 1926, as amended from time to time (and reprinted in February, 1934).

I. Substitute the words "the appropriate grade of tourist accommodation to London by the P.& O. or any other line (provided that the cost to Government would be less than the cost of a Second Class B passage to London)" for the words "a second class B passage to London" in line 2 of rule 3 of Section C - Rules for the guidance of scholars - (i) in India.

II. Substitute the words "the appropriate grade of tourist accommodation by the P.& O. or any other line (provided that the cost to Government would be less than the cost of a Second Class B passage)" for the words "a second class B return passage" in rule 18 of Section C-Rules for the guidance of scholars-(ii) in England.

Copy of a letter from the Government of India, Finance Department, to all local Governments, No.D/2446-A., dated the 8th September 1927.

Revised arrangement for the booking of passages for civil officers proceeding to England on duty.

With reference to the correspondence ending with your letter No.1307, dated the 7th December, 1926, on the above subject, I am &c. &c. directed to say that the Government of India consider that the Accountants General of maritime Provinces should no longer be made responsible for the booking of Government passages for civil officers proceeding to England on duty. In the case of officers proceeding on leave who are entitled to passages at the cost of Government, the passages are arranged for by the officers themselves, after obtaining certificates of eligibility from the Audit Officer concerned, the final payments also being made by the latter. The Government of India have now decided that a similar procedure should be adopted in the case of officers proceeding to England on duty, and of students sent for training on Government scholarships. Such passages should however be arranged direct with the Companies or through their representatives, but not through any outside passenger agents.

2. The bills for the passage or passages booked will be paid by the Audit Officer concerned to the Companies or to their representatives, by means of demand drafts on the Imperial Bank of India, which can be cashed on presentation at the local head office or the branch concerned of the Bank.

To Burma only. 3. The Government of India regret that they are unable to make an exception in the case of Burma, and if His Excellency the Governor in Council has no objection, the procedure suggested in paragraphs 1 and 2 above may be followed.

Copy of a letter No. 235-Edn., dated the 4th February, 1932, to all Minor Administrations.

Booking of passages of central state scholars.

I am directed to refer to this Department letter No.569-Edn., dated the 22nd March, 1930, on the subject mentioned above. and to say that a case has recently been brought to the notice of the Government of India in which a local Administration permitted a central state scholar to book his passage to London which he did by a line other than those mentioned in the list appended to the Finance Department endorsement No.D/993-A, dated the 1st April, 1929, and in that Department letter No. F.7(36)-R.I/30, dated the 24th July 1930. As his action in doing so was irregular and involved extra expense to Government, I am to request that in future no central state scholar should be allowed to make his own arrangements for a passage to England.
